Defining CHW's

Diverse

Lived Experience

Community Connection

A community health worker ...

- ... is a frontline public health worker
- ... is a trusted member of the community served
- ... serves as a liaison between health/social services and the community
- ... facilitates access to services
- ... improves the quality and cultural competence of service delivery.

Who is a CHW?

A community health worker ...

- ... builds individual & community capacity
- ... increases health knowledge and self-sufficiency
- ... provides outreach and community education
- ... provides informal counseling, social support, and advocacy

What does a CHW do?

Kansas Community Health Worker Workforce Assessment

2021 Community Health Worker (CHW) Survey Report

CHW Core Competencies

Professionalism and Service Coordination and Self-awareness **System Navigation** Conduct **Education to Promote Individual and Community** Advocacy Healthy Behavior Change **Capacity Building Effective Communications** Documentation and **Cultural Responsiveness** Strategies Reporting Use of Public Health/ Individual Assessment Community Health **Community Assessment** Concepts and Approaches

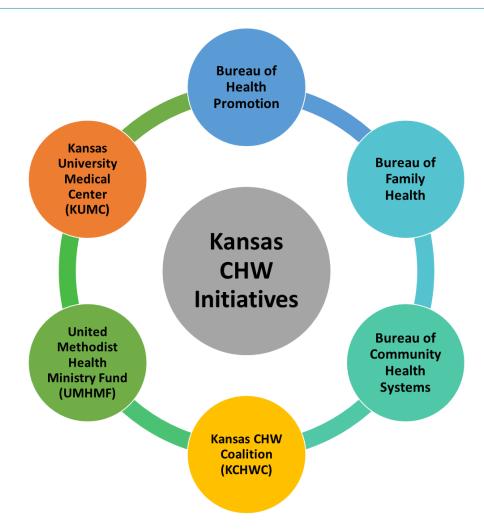

CHW Scope of Practice

Client Support	Provide encouragement and social support to assist clients with goal setting and barrier identification within professional boundaries.
Care Coordination	Assist in coordinating care by linking people to appropriate information and services.
Healthcare Liaison	Serve as a culturally-informed liaison between clients, community and healthcare systems.
Health Education	Provide culturally appropriate health education to individuals, organizations and/or communities, in an effort to reduce modifiable risk factors and encourage healthy behaviors.
Advocacy	Recognize gaps and advocate for individual and community health needs.

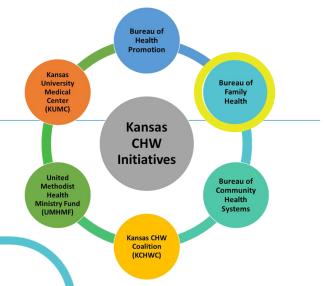

Holistic Care Coordination (HCC)

- The Special Health Care Needs Program (KS-SHCN) provides HCC for families of children with special health care needs.
- The Bridges Program provides HCC for families of children who are exiting early intervention services.
- Kansas Perinatal Community Collaboratives (KPCCs) integrate prenatal education and clinical care through community supports and collaboration.
- Technical assistance supports are being developed to provide resources and supports for primary care providers to establish HCC programs.

Desire is to integrate CHWs into HCC initiatives as a core team member and HCC provider and support CHW credentialing.

Bureau of Family Health

Community Clinical Linkages Section

- Provides technical assistance to expand clinical partner knowledge on integration of CHW into team based care.
- · Trains CHWs to provide chronic disease management.

Community Health Worker Section

- Received two (2) CDC Grants to embed CHW Teams in clinics in 8 counties and expand education for CHWs statewide.
- · Provides backbone support to the KS CHW Coalition.

Bureau of Health Promotion

CHW Teams/LHEATS

- CDC grant to build regional local health equity action teams (LHEATS) to improve COVID-19 response in 20 counties.
- Community consultants and CHWs to support strategies for vulnerable community members and provide access to care.

RADx-UP (Rapid Acceleration of Diagnostics for Underserved Populations)

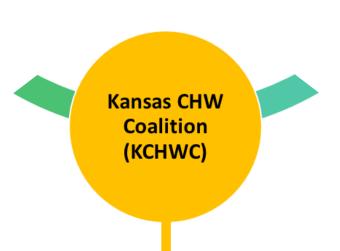

NIH grant to increase COVID testing for underserved populations in 10 counties.

Kansas University Medical Center (KUMC)

Health Promotion Kansas **Bureau** of University Medical Center Kansas CHW **Initiatives** Bureau of Methodist Community **Ministry Fund** Kansas CHW Coalition (KCHWC)

The Coalition utilizes the collective experience of their members to achieve health equity through education, empowerment, and advocacy.

- Provides resources and training for CHWs across Kansas (including an annual symposium)
- Advocating for sustainable change (including a current effort to establish a credentialing program for CHWs and support for billing and reimbursement for CHW providers/services

Bureau of Community Health Systems

Kansas Statewide Farmworker Health Program (KSFHP)

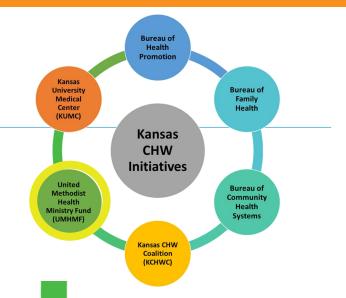

- HRSA Community Health Center Grant for CHWs in local community organizations.
- KSFHP provides supports to migrant and seasonal farmworkers through a voucher and home visiting model.

The Health Fund provides support for the expansion of the CHW workforce.

- Implement and support five pilot sites in central and western Kansas (e.g., database system, evaluation, technical assistance).
- Supports for CHW training programs (e.g., WSU Curriculum, motivational training, conferences, other continuing education).
- Ongoing advocacy and support for sustainable CHWs policies and studies to raise awareness and understanding of the CHW workforce.
- Grant funding to collect and disseminate success stories on the positive impact CHWs on the health of Kansans.

United Methodist Health Ministry Fund (UMHMF)

Community Clinical Linkages Section

- Provides technical assistance to expand clinical partner knowledge on integration of CHW into team based care.
- Trains CHWs to provide chronic disease management.

Community Health Worker Section

Panel Discussion

KANSAS MATERNAL AND CHILD HEALTH COUNCIL OCTOBER 13, 2021

Small Group Instructions

CONNIE SATZLER

Small Groups

Facilitators and Recorders

- Children with Special Health Care Needs: Kayzy Bigler (facilitator),
 Karlene McCracken (recorder)
- Workforce Development: Carrie Akin (facilitator), Jen Marsh (recorder)
- Family and Consumer Partnership: Heather Smith (facilitator), Cora Ungerer (recorder)

Ground Rules

- 1. Stay present (cameras on, if possible)
- Utilize chat.
- 3. Invite everyone into the conversation. Take turns talking.
- 4. ALL feedback is valid. There are no right or wrong answers.
- 5. Value and respect different perspectives (providers, families, agencies, etc.)
- 6. Be relevant. Stay on topic.
- 7. Allow facilitator to move through priority topics.
- 8. Avoid repeating previous remarks.
- 9. Disagree with ideas, not people. Build on each other's ideas.
- 10. Capture "side" topics and concerns; set aside for discussion and resolution at a later time.
- 11. Reach closure on each item and summarize conclusions or action steps.
