Expectations for Domain Work Groups

Stay present and participate actively.

Invite everyone into the conversation. Take turns talking.

ALL feedback is valid. There are no right or wrong answers.

Value and respect different perspectives (providers, families, agencies, etc.).

Be relevant. Stay on topic.

Allow facilitator to move through discussion questions.

Avoid repeating previous remarks.

Disagree with ideas, not people. Build on each other's ideas.

Capture "side" topics and concerns; set aside for discussion and resolution at a later time.

Reach closure and summarize conclusions or action steps for small group reports.

YOUR FACILITATORS

Work Group Questions

1. What were the most important takeaways from listening to today's presentations?
2. Based on the information presented today and the ideas we generated at the last meeting, what can this workgroup do as a special project – something that would meet an unmet need or make a difference? [Brainstorm and then select one.]
3. What concrete outcomes do you anticipate from this project?
4. What will be the tangible deliverables or achievements?

Examples of Work Group Projects

- School Health Clinics: used data and created recommendations to KDHE for new clinic sites
- Suicide Prevention: “Be the 1 to Be There” social media posts
- Safe Sleep: letters and flyers for providers
- Physical activity in schools: action alert webpage and complementary social media posts
- Women’s Health: create and disseminate Well-Woman Tool-kits (community and providers)
- Special Healthcare Needs: webpage created with multiple medical home resources

WORK GROUP ASSIGNMENTS

Women/Maternal		Perinatal/Infant		Child		Adolescent	
Facilitator: Juliet Swedlund Recorder: Anna Gregory		Facilitators: Stephanie Wolf Recorder: Jennifer Miller		Facilitators: Cora Ungerer Recorder: Adelina Gutierrez-Zavala		Facilitator: Holly Frye Recorder:
