# Domain Workgroups

---

# Expectations for Domain Work Groups

---

Stay present and participate actively.

Invite everyone into the conversation. Take turns talking.

ALL feedback is valid. There are no right or wrong answers.

Value and respect different perspectives (providers, families, agencies, etc.).

Be relevant. Stay on topic.

Allow facilitator to move through discussion questions.

Avoid repeating previous remarks.

Disagree with ideas, not people. Build on each other's ideas.

Capture "side" topics and concerns; set aside for discussion and resolution at a later time.

Reach closure and summarize conclusions or action steps for small group reports.

# Expectations for Domain Work Groups

---

Actively listen.

Be Part of the  
Conversation.  
Speak your mind.

Share the Workload.  
Volunteer for Action  
Steps.

Set action steps and team  
roles in the remaining 5  
minutes of the discussion.

# Work Group Questions

---

1. What were the most critical takeaways from today's presentations?
2. Summarize your workgroup's progress on your Special Project since the last meeting.
3. Update your action plan with action steps and identify work group members responsible for tasks.

# Work Group Projects

---

**Women/Maternal:** Develop a universal, consistent prenatal risk assessment form that includes clinical and social determinants of health data.

**Perinatal/Infant:** Welcome postcard for all Kansas babies.

**Children:** Help parents and caregivers access resources to address their child's behavioral health needs.

**Adolescents:** Improve civic engagement for adolescents.
