Moms in Mind

Consultation Clinics

Program

The Kansas Connecting Communities (KCC) expert team will host a case consultation clinic series for prescribing physicians (OB/GYN, FP, PCP) and other advanced practice providers involved in the treatment of perinatal mental health disorders. These clinics will build confidence and knowledge of perinatal prescribing best practices as well as comfort in developing or supporting treatment plans.

Presenters

Erin Bider, MD, serves as the psychiatric consultant for the KCC Provider Consultation Line, and is a peripartum psychiatrist based at the University of Kansas Health System. She will be joined by Melissa Hoffman, DNP, APRN, PMHNP-BC who specializes in reproductive mental health and serves as the president for the Kansas chapter of Postpartum Support International (PSI-KS), Beth Oller, MD who works as a Family Practice physician practicing full scope medicine and Lucinda Whitney, DNP, APRN, PMHNP-BC, a Clinical Assistant Professor and PMHNP Program Coordinator at the University of Kansas School of Nursing.
