

Kansas Maternal & Child Health Council (KMCHC)

Wednesday, April 8, 2020

9:30 a.m. – 11:30 a.m. Full Council Meeting

1:00 p.m. – 2:30 p.m. Domain Group Meetings

Virtual Meeting

Agenda Items

9:30 **Welcome, Approve Minutes**Kari Harris, MD, KMCHC Chair

9:35 **MCH Sensemaking**KU-CPPR Our Tomorrows Staff
 Our Tomorrows was a project that was used during the Early Childhood Systems Building Needs Assessment to capture stories from families that talked of times when families were thriving or just surviving. The storytellers were able to interpret their own stories using the Our Tomorrows tool. The MCH Council will dive into those interpretations to look for patterns in the stories. Patterns will help uncover opportunities and challenges to helping families experience more thriving and less just surviving. The council will have the opportunity to review actual stories, discuss what those stories are showing and what actions could be taken.

11:30 Break for lunch

1:00 **Small Group Domain Break Out Rooms – Each small domain group will have a copy of the draft state action plan. Armed with the data from sense making each group will answer the following questions about the priorities in their domain, including cross-cutting priorities.**

- **Small Groups:** Women/Maternal, Perinatal/Infant, Child, Adolescent
- **Discussion Questions (address all parts of each question and record)**
 - What did you hear during sensemaking that surprised you?
 - Looking at the priorities for this domain, are these the right objectives? Are there any gaps?
 - Do the strategies align well with the objectives and priorities? OR What key strategies would help Kansas make progress on this priority?
 - What's missing?

2:30 Break

2:40 **Small Group Report Out** Small Group Leads

2:50 **Announcements** Rachel Sisson

3:00 **Closing Remarks**Kari Harris, MD, KMCHC Chair
