

Women's Health Initiatives

Domain Group:

Considering the four major women's health initiatives presented as they relate to the domain topic you are representing:

How do we make connections within the community to spread the word about this work?	What educational opportunities exist within your domain related to your work? What is needed?
Which women's health initiative are you most likely to take action on?	

In what ways could you, your organization, partners, or families best promote or advance this work?

What is one way you and/or your organizational will promote or advance this work?

Everyone should fill out this survey what you can do to help advance this topic and about future meeting preferences:
